FOSTERING CONFIDENCE

2006 CITATION XLS

SERIAL NUMBER 560-5671

**ONE-OWNER, EXCELLENT PEDIGREE
ADS-B OUT & WAAS**

PERFORMANCE - COMFORT - EFFICIENCY

The XLS outperforms competing private jets due largely to its two Pratt & Whitney PW545B engines, designed with a high-pressure core to increase thrust to 3,975 pounds apiece - 4.5 percent more thrust than the engines used in the Citation Excel. These engines can reach 433 kts and have a specific fuel consumption of just 0.709 pounds per hour.

Subtle design details illustrate Cessna's custom of creating simple, high-performance jets. The Citation XLS was designed with the needs of the pilot in mind. The preflight check is easy to carry out; a surface seal on the windshield repels rain; and many flight systems only have to be set once after takeoff, then automatically adjust in flight.

Its comfort, performance and reliability match Cessna's high standards in private jet travel.
