CITATION
M2

2015 CITATION M2

Overview

- Professionally flown and Managed
- Based in Northern California
- Parts and Engine Programs

AIRFRAME

Citation M2 delivers the perfect balance of speed, efficiency, and owner-friendly operation. Combining Garmin G3000 avionics, single-pilot capability, and impressive performance, the M2 is designed for travelers who value both productivity and convenience. With cruise speeds approaching 400 knots, a comfortable executive cabin, and the ability to access shorter runways than many larger jets, the Citation M2 remains one of the most sought-after light jets in business aviation.
